

Koehler
FINE TECH PAPER

TARGET BOARD

Target Board has been specially developed to be used for the purpose of targets. A special raw material ensures a perfect shot image. It is ensured that the hole does not become frayed and can be evaluated with utmost precision by an automatic reading device.

Applications: target for airguns and small bore firearms

Advantages:

- excellent printability
- accurate, clearly defined hole pattern
- machine readable
- excellent flatness
- age-resistant
- harmless to health and to the environment

Standard grammage: 200 gsm

Color: chamois

Surface: matt

Delivery form: sheet

Printing method: offset printing

Further processing: die-cutting, cutting etc.

Minimum quantities: For order combination possibilities, please contact your Koehler FineTech Paper representative.

All information is current. As we endeavour to provide you with the best possible product, we reserve the right to revise and amend specifications without prior notice.
